

Reservoir Hill

Reservoir Hill is an outdoor treasure with two access points: one off of Hot Springs Blvd and one on Hwy 160, behind the East Side Market. Parking is available at each trailhead and at Dr. Mary Fisher Park.

Reservoir Hill offers hiking, mountain biking, snowshoeing, and cross country skiing on the many trails traversing the hill. A trip to the top is rewarded with expansive views overlooking the Continental Divide and the Town of Pagosa Springs. You can also try your hand at disc golf, or just enjoy a quiet escape in downtown Pagosa.

Reservoir Hill is abundant with wildlife, including mule deer, black bear, tassel eared squirrels, owls, and a variety of birds. See if you can find the various wildlife wood carvings on the hill, including the owls on Tecolote loop. Reservoir Hill is home to the endangered Pagosa Skyrocket wildflower, which blooms roughly mid-May to early June on the Skyrocket Trail.

AMENITIES

- Scenic Overlook
- Gazebo
- Restrooms
- Festival Meadow
- Picnic Tables
- Observation Deck

Park Hours: Dawn to dusk. To book an event on Reservoir Hill, please call **970.264.4152**
